SIGN VARIANCE APPLICATION FORM

To the Asheville Board of Adjustment

I, _____, hereby petition the Board of Adjustment for a variance(s) from the City of Asheville Sign Ordinance, being Article 13 of the Unified Development Ordinance, for my real property located at:

Applicable Ordinance Section: _____

Sign Size: Permitted _____ Proposed _____

Sign Height: Permitted _____ Proposed _____

Signs: Permitted _____ Proposed _____

Sign Setback: Permitted _____ Proposed _____

Other (describe): _____

Factors Relevant to the Issuance of a Variance

In order for the Board to consider your request for a sign variance, you must provide answers to the following questions and appear at the Board meeting when your request is considered. These questions are generated from the standards for variances set forth in Section 7-19-9 of the UDO. You should thoroughly consider your answers, as the Board must find in your favor on each of these standards before you can be granted your request.

1. How does complying strictly with the sign provisions of the Unified Development Ordinance prevent you from making reasonable use of the sign(s) allowed?

2. What is unique about your hardship? How is your hardship different from owners of the surrounding properties or the general public?

3. How does the hardship relate to your property (such as the configuration or terrain of the site)? (NOTE: Personal or business hardships can not be used to justify a variance as a variance, if granted, runs with the property, not the owner.)

4. Why isn't the hardship that does not allow you to use signs as authorized by the UDO not a result of your own actions?

5. Will the variance result in the extension of a nonconforming use or authorize the initiation of a nonconforming use?:

6. Describe how the variance is in harmony with the general purpose and intent of the City's sign regulations and how does granting you your request preserve the spirit of the UDO, secure the public safety and welfare, and do substantial justice?

7. Why can't a variance smaller than the one that you've requested provide the same relief from the requirements of the sign regulations?

In granting any variance, the Board of Adjustment may prescribe appropriate conditions and safeguards in conformity with the Ordinance. Violations of the provisions of the variance granted, including any conditions or safeguards, which are a part of the granting of the variance, shall be deemed a violation of the Unified Development Ordinance.
